Supervisors Continue Awareness for Fire Safety

On Tuesday, the San Bernardino County Supervisors approved employment contracts with five new Contract Compliance Officers in connection with the Bark Beetle Emergency. "It is imperative that we do everything we can do to bring awareness and prevent wild fire disasters," said Third District Supervisor Dennis Hansberger.

The individuals selected for the position participated in competitive testing and either have a background in forestry, hazardous tree work, code enforcement, and/or fire prevention. Funding for these positions was approved as part of the \$70 million financial assistance agreement entered into by and between the County and the National Resource Conservation Service for the removal of dead trees within the national forest lands as designated by the Emergency Proclamation relating to the Bark Beetle Emergency.
